

Mangalagiri Housing Project

Community Improvement

In 2023, the Mangalagiri site staff have partnered with Chalice to construct houses for 15 selected families in the Amaravathi and Khammam communities. There are 52 people among them, including 28 children, and an average of three to four members per household. More than half of the parents rely on daily labour work, and nine families are headed by women.

Goal

15 families will have a safe house for themselves to live in with dignity and self-worth.

Objectives

- To provide financial and technical assistance to construct houses for 15 families.
- To monitor the work, progress and completion of the house construction by six months.

Activity	Expected Results (Short term and long term)	Indicators (Quantitative and qualitative)
To ensure that the beneficiaries own all the necessary documents to construct the house.	Short Term: 15 families will have collected all the documents. Long Term: 15 families will own safe houses and have a better self-image and dignity.	15 families avail permission from the local government to construct the houses. Clean and healthy living conditions.
Signing the agreement with the Contractor.	Short term: Construction work will be completed on time.	MOU, regular meetings and reports.
To plan the entire construction work with the timeline given along with the contractor, technical supervisor, beneficiaries the staff.	Short term: The construction work will go on systematically, with full participation and teamwork. Long Term: Better rapport in the community.	Better participation and teamwork.
Payments to be followed in line with the budget and agreement plan.	Short term: The financial documents will be transparent and correct. Long term: Gained more knowledge and skill.	Financial documents.
Mitigation plans to tackle the unforeseen issues.	Short term: Regular monitoring and follow-ups. Long term: Better participation and teamwork.	The number of discussions and meetings. The mitigation plan report. Better performance and clarity.
Handing over the key to the beneficiaries as per the timeline given in the agreement.	Short term: 15 houses are constructed on time. Long term: 52 members live a safe and secure life.	15 houses ready for living. 15 families are happy and grateful.
